

On-Site Wedding Menu of Services

Dulce Vita Hair & Beauty On-Site Services offers a very unique twist to the hair and beauty industry. We bring the salon to you! We specialize in performing hair and beauty services on-site at the location of your choice for weddings and other special events. We only staff highest skilled and educated professionals that are masters of their art to ensure your 100% satisfaction.

“Stress Less”, our team will ensure that your Wedding Day or Special Event is a day to remember. Imagine a stress free environment where we come to you. Rather than sharing your “Special Day” with an entire salon, you will be able sit, visit, and enjoy your friends and family in the privacy of the church, hotel, or home. This also allows you the opportunity to enjoy breakfast, some beverages, and maybe even sneak in a champagne toast with the girls while we are hard at work. No need to worry about travel or weather tampering with your hair and makeup, because it has been completed on-site for you.

The idea is, and always has been, for you to enjoy your special day as much as possible. Now you can with Dulce Vita Hair & Beauty On-Site Services.
